

MAIN LINE MEALS ON WHEELS

In 2020, ML MoW delivered over 63,000 meals of which \$72,000 was subsidized.

Snow and deliveries

- Since 2010, ML MoW has been providing our patrons, free of charge, a snow pack care package in the event bad weather keeps us from being able to deliver.
- This year's snow pack contained over 5 pounds of non-perishables (soups, crackers, oatmeal, carton milk, breakfast bars), along with a re-usable cloth facemask.
- Typically, local grocery store donations cover the cost, but this year we had to dip into other donation sources – **Thank you for your part in this!**
- To date, we have missed 3 deliveries (one in Dec, and two in February).
- We contacted all our patrons to advise them through our Adopt-a-Patron program, where volunteers are periodically in touch with every patron by phone
- A second snow pack care package has been prepared and distributed. It was funded through donations by people like yourself.

PATRON CORNER

One of our volunteer Board Member has such a close relationship with the patrons on her route that on a weekly basis, she includes homemade goodies along with her ML MoW deliveries, taking their dietary restrictions into consideration, of course!

A RECENT SUCCESS

Since May 2020, Carlino's Market of Ardmore has been donating 70 hot meals a month for our patrons. In October 2020, Tasty Table Catering of Berwyn joined the effort. To date, over 1000 free hot meals have been provided along with our daily delivery. Our patrons receive this meal once a month on a Friday and are then able to enjoy it over the weekend when ML MoW does not deliver.
